Beginner clinics cost \$40 per student and are one hour each day for five days. These classes are offered for all ages, and are open to students of all skill levels. Intermediate classes are especially offered for those who want to continue beyond beginning skills, but are not quite ready for advanced clinics. They are two hours per day and cost \$80. The advanced clinics are for students who must be at least 10 years old with a lot of golfing skills already, or students that have completed the beginning and intermediate class. These clinics cost \$140 each, include lunch each day, are four-hour sessions for the five days, and includes time on the course.

Individual Lessons

In addition to the options listed above, individual private lessons are offered. For adults the cost is \$40 per lesson, or six lessons for \$200. The cost of private lessons for juniors is \$20 per lesson. All lessons are 30 minutes in length. These lessons may be scheduled through the Pro Shop at the mutual convenience of the student and the Professional. It is requested that lessons be scheduled at least three days in advance.
